Do **not** apply earlier – your application may be rejected.
If your permission **expires before applying**, you could lose your right to:
• Work
• Rent property
• Claim benefits

To determine the optimal time to apply, you can use the **OPORA UPE Calculator**

What You Need to Apply

Before applying, ensure you have:

• UKVI Account: An active UK Visas and Immigration (UKVI) account with access to your eVisa.
• Identity Documents: Updated identity documents (e.g., passport or biometric residence permit) linked to your UKVI account.
• Biometric Residence Permit (BRP): Your expired BRP card, if applicable.

Children and the UPE

Children Applying with Parents

• Children can apply as part of a family group, but each child must have their own application.

• If a parent is applying, they should submit separate applications for each dependent child they are applying on behalf of.

• Children must be in the UK and currently have valid permission under one of the Ukraine schemes.

Children Born in the UK

• A child born in the UK after 18 March 2022 to a Ukrainian parent who holds permission under a Ukraine scheme is eligible to apply under the UPE.

The parent must submit:

- The child's UK birth certificate.
- Evidence of the parent's own valid immigration status.
- If both parents are Ukrainian and have permission, either parent can apply for the child.

If only one parent has permission, the child is still eligible as long as that parent is the applicant.
You'll need:

- The child's **birth certificate**
- Proof the child is **living in the UK**

Biometric Requirements

- Children under 5 years old do not need to attend a biometric appointment.
- Children aged 5 and above may be required to attend an appointment to give biometrics.

Biometrics and Proof of Identity

As part of your application for the Ukraine Permission Extension Scheme, you may need to provide biometric information and proof of identity. This is an essential step to verify your identity and continue your stay in the UK.
What Are Biometrics?
• Fingerprints
• A digital photograph of your face

Applying with the UK Immigration: ID Check App

- Most applicants can verify their identity using the **UK Immigration: ID Check app**
- The app allows you to scan your passport or BRP and upload supporting documents.
- If you need to attend a UKVCAS appointment, additional documents can be uploaded **free of charge** on the UKVCAS website.
- **Assisted document scanning** is available at UKVCAS centres for a fee

If You Don't Have a Valid Passport or BRP
You may still be able to apply using **alternative identity documents**, including:

- A **recently expired** Ukrainian international passport
- A **valid or recently expired** Ukrainian national ID card
- A combination of documents showing your name, date of birth, and nationality (e.g. **birth certificate + photo driving licence**)

- An **Emergency Certificate** issued by Ukrainian authorities since March 2022

In these cases, you'll need to **attend a visa application centre (VAC)** for biometric collection.

What You'll Receive

Successful applicants will be granted:
• **18 months of permission** to stay in the UK.
• The right to **work, study, and access public funds**.

After You Apply
• If more evidence is needed, you'll be contacted by **email** with clear instructions.
• Make sure to check your email, your junk folder regularly and respond by the deadline.

If there are any issues with your digital status, you can contact UK Visas & Immigration (UKVI).

You can report an error with your eVisa online.

For help with appointments and document uploads, or to find your nearest VAC or UKVCAS centre, visit the **TLScontact website**.

Please note: *This extension **does not** count towards settlement (Indefinite Leave to*

Remain).

Important Notes

- **Do not travel abroad** while your application is being processed. Leaving the UK could void the application and may impact re-entry, as this is a UK-based extension.
- Applying **after your permission expires** may result in losing rights and having to **repay benefits** received during the decision period.
- You may be asked to submit extra evidence if needed.

Applying as the family member of a Ukrainian national

If you are **not a Ukrainian citizen** but are part of a Ukrainian family, you may still be able to apply for the Ukraine Permission Extension Scheme (UPE). This allows you to **stay in the UK for up to 18 more months**.

You may be eligible if:

- You are the **spouse or partner** of a Ukrainian national and still in a genuine relationship.
- You are a **child or stepchild** of a Ukrainian national.
- You are the **parent or legal guardian** of a child who has permission under one of the Ukraine schemes.

You already have permission to stay in the UK under a **Ukraine visa scheme**, like:
• **Homes for Ukraine**
• **Ukraine Family Scheme**
• **Ukraine Extension Scheme**

You must also be **in the UK at the time of application**.

What Documents Will You Need?
To prove your relationship, you may need:
• A **marriage certificate** (if you're a spouse).
• A **birth certificate** (if you're a child or parent).
• Any other **official documents** showing your relationship and that you live together or are in a genuine partnership.

After You Have Applied

Once you've submitted your application for the Ukraine Permission Extension Scheme (UPE), here's what you can expect and what you should do next.

1. What Happens Next

• You will receive **email updates** from UK Visas and Immigration (UKVI).
• If they need more documents or if you must attend a biometric appointment, they'll let you know by email.
• You should **not travel outside the UK** while your application is being processed — doing so could affect your application.

Viewing and Proving Your Immigration Status
If your application is successful, you will not receive a physical visa or BRP. Instead:
• Your **immigration status will be recorded online**.
• You can **access it through your UKVI account**.

You'll get an email inviting you to create or log in to your account. Once signed in, you can:

- Check your status and visa expiry date
- **Prove your right to work, rent, or access services**
- **Share your status** with employers or landlords using a secure code
