

Community Researcher (Ukraine)

We are looking for a Community Researcher to support the research work of Migration Yorkshire. You need to have experience of social research, migrating to the UK and speak Ukrainian.

Do you have good qualitative research skills with some experience of applied research?

Are you interested in researching the experiences of new migrants coming to live in the UK?

[Find out more and complete an application form here.](#)

When writing your application, you need to show that you meet all the essential requirements listed in the personal specification. You should give examples from your work experience and make sure you cover each bullet point.

The application deadline is 2 May 2023

This project is co-funded by the European Union Asylum, Migration and Integration Fund. Making management of migration flows more efficient across the European Union.
